Internet Acceptable Use Policy

Introduction

The aim of this Internet Acceptable Use Policy (AUP) is to ensure that pupils will benefit from the learning opportunities offered by the school's internet resources in a safe and effective manner.

Internet use and access is considered a school resource and privilege. If the school AUP is not adhered to this privilege may be withdrawn and appropriate sanctions will be imposed.

General Approach

When using the internet pupils, parents and staff are expected:

- To treat others with respect at all times, observe good “netiquette”.
- Not undertake any actions that may bring the school into disrepute.
- Respect the right to privacy of all other members of the school community.
- Respect copyright and acknowledge creators when using online content and resources.
- Uploading and downloading of non-approved software will not be permitted.
- Virus protection software will be used and updated on a regular basis.
- This Acceptable Use Policy applies to pupils who have access to and are users of the internet in Catherine McAuley N.S. It also applies to members of staff, volunteers, parents, carers and others who access the internet in Catherine McAuley N.S.
- Misuse of the internet may result in disciplinary action, including written warnings, withdrawal of access privileges and in extreme cases, suspension or expulsion. The school also reserves the right to report any illegal activities to the appropriate authorities.
- Catherine McAuley N.S. will deal with incidents that take place outside the school that impact on the wellbeing of pupils or staff under this policy and associated codes of behaviour and anti-bullying policies. In such cases Catherine McAuley N.S. will, where known, inform parents/carers of incidents of inappropriate online

behaviour that take place out of school and impose the appropriate sanctions. Please see our Anti-Bullying Policy for more information regarding this.

- Level 4 “Fortiguard Filtering Software” provided by the National Centre for Technology in Education (NCTE) is used through the school in order to minimise the risk of exposure to inappropriate material. This level is currently used by the majority of schools in Ireland. It allows access to millions of websites including interactive educational games and 'YouTube', while also blocking access to websites belonging to the 'Personal Websites' category and the 'Social Networking' category. Therefore Websites, Blogs and Apps such as Instagram, Snapchat and Facebook are not accessible within the school. The school and teachers will regularly monitor pupils' Internet usage.

Education

- Pupils will be provided with education in the area of internet safety as part of our implementation of the SPHE and Stay Safe curriculum.
- Teachers will be provided with continuing professional development opportunities in the area of internet safety.
